

WORTHY STUDENTS AIDED TO SECURE EDUCATION

Poverty No Reason Why Ambitious Youth Should Not Be Able to Enter University of Virginia.

ACHIEVEMENT OF ALDERMAN

He Has Made It Possible for Many Young Men to Receive Financial Assistance While Pursuing Their Studies—Other Means Afforded.

CHARLOTTESVILLE, VA., February 20.—One of the most striking achievements of the first decade of Dr. Edwin Alderman's service as the first president of the University of Virginia has been the provision of ways by which young men in need of financial assistance may not be seriously handicapped in getting a college or university education.

His announcement a short time ago of a gift of \$10,000 to be used as a loan fund for deserving students called attention to the fact that such funds now available, total nearly \$25,000.

Several years ago President Alderman started the first student employment agency to work in a broadly successful way. A report on the result of this work made by the president showed that more than 250 students support themselves in whole or in part by various kinds of work. Members of the faculty have charge of the business of finding work for students who need it.

MANY SCHOLARSHIPS HAVE BEEN ESTABLISHED

Another field of the same general nature is afforded by a large number of scholarships, fellowships and annual prizes. Some of them are designed for students who need financial aid, but the majority are frankly rewards for scholarly achievement. A large number of them have been established in the last ten years. A report soon to be issued by the president and fellowships describes them as follows:

"The Valentine Birely scholarship, founded upon the request of the late Mrs. Valentine Birely in memory of her husband, is awarded by the board of visitors to some student from the State of Maryland and is valued at \$250. The present holder is L. T. White, of Frederick, Md.

"The two Thompson Birely scholarships, awarded by the board and are worth \$50 each per year, are held by J. R. Hargrave, of Claiborne, S. C., and Charles Henderson, of Berkeley, Va. The Henry Coates Cabell scholarship, awarded upon the recommendation of the School of English and valued at \$100, is held by J. J. Brewer, of Asheville, N. C. The J. C. Hargrave scholarship, which receives their appointments between whom an annual income of \$575 is divided, are Hugh Leach, of Richmond, Va.; H. M. Taylor, of Lynchburg, Va.; and E. N. Smith, of Lynchburg, Va.

"The William C. Folkes scholarship, which receives their appointment upon recommendation of the board of the Corporation of Lynchburg, is given to the student of the University of Virginia, who is required to spend this time in study abroad. The income of each is \$500 a year.

"The incumbent of the Daniel Harmon scholarship, established in memory of the late Daniel Harmon, of Charlottesville, is J. W. Barron, of Charlottesville, Tenn. The William A. Harmon scholarship, given to the student upon competitive examination, and worth \$425 each, are held by D. M. Faulkner and K. W. Howard, B. A. and M. A., respectively, of the University of Virginia.

"The Phelp-Stokes Fellowship, established by the trustees of the Phelps-Stokes fund for the purpose of studying Southern race conditions, is awarded to graduate students in social and political sciences. The incumbent is S. T. Ritting, B. S.

"The board of visitors fellowships, worth \$200 per year, are granted to graduate students upon the recommendation of certain designated professors. The holders for this season are: A. J. Brewer, B. A., and R. L. Wiggins, Jr., B. A. The William Cabell Rives Fellowship, which yields \$200 per year, is awarded to the student in history and is held this season by T. S. Luck, B. A., of Ashland, Va.

PIN PRICK CAUSES DEATH OF TELEPHONE OPERATOR

(Special to The Times-Dispatch.)

WINCHESTER, Va., February 20.—Miss Nina Dean, a pretty girl of nineteen years, employed as a telephone operator at Strasburg, died yesterday from blood poisoning after a week of intense suffering. Her death was caused by a pin prick near the knuckle which became inflamed while at a sewing party held recently by the women of the Southern Methodist Church of that town. She bruised it several days thereafter while in a friendly tussle with another telephone girl, and blood poison set in. She was a daughter of George Dean, a well-known harness maker, and her remains were taken to her former home at Mount Crawford for burial.
